

### **ABSTRACT**

A pantyhose undergarment and method of making the pantyhose undergarment that includes a waistband portion, a control top portion, and leg portions knitted to the control top portion. Shirring is included in between buttock areas. In one variation, the control top portion includes heavy knit under and on side areas of the buttocks, light knit on cheek areas of the buttocks, and medium knit on remaining areas of the control top portion. In another variation, the control top portion includes light support knit on cheek areas of the buttocks, and medium support knit on remaining areas of the control top portion. In additional variations, the control top portion includes heavy knit under, above, and on the sides of the buttocks, and optionally in between cheek areas of the buttocks, and the saddlebag regions, light knit on cheek areas of the buttocks, and medium knit on remaining areas of the control top portion.
